

## Mission Statement

To pour out the same love and grace that God has poured into our lives onto the lives of countless men and women who struggle from addictions, that we would be a witness for Christ so his light would shine into those who suffer and illuminate the darkness of their past pain and wrongfully made choices. To reach the hearts of those hurting from a habit or hang-up and show them that there is hope in Jesus.

Our mission is to funnel broken men and women whose lives have been stolen by addiction into faith-based recovery centers where they are mended by Christ and through him the chains of their addictions are broken.

God's called us to not only reach those who are addicted, but to instill His hope into the mothers, fathers, brothers, sisters, aunts, uncles, grandparents, and loved ones of those that are in active addicted and to let them know that God is in control and still on His throne. We are to open the eyes of our youth that they may become deep rooted in Christ and not be pulled into the temptations of addiction. We are to make our Churches and communities aware that addiction is a threat and that it breaks up homes and families. It destroys the lives of young men and women. We must make a stand and become more than conquerors through Him that loves us.

## The Threat of Addiction

Our Communities

Our Schools

Our Workplace

Our Homes

If it's not made it to your front door step, it's creeping across your back yard right now. Addiction has a domino effect of destruction. It's not only the addict who suffers. They have, grandparents, a mother, father, brother, sister, family, friend, or neighbor who is also affected by their addiction. Homes are broken, family night is lost, and people's lives are destroyed.

22.5 MILLION Americans abused drugs last month.

1 IN 5 Inmates in the U.S. are incarcerated for crimes related with drugs and alcohol.

5 People died in the last 60 seconds from drugs and alcohol.

## Donate To The Cause

When these struggling men and women of addiction reach out to Recovery Soldiers Ministries they've exhausted all resources and most of them have nowhere else to turn.

From stealing off mom and dad, to manipulating their grandparents, and stringing their family through a chain of lies to get their high, their bridges are burned.

Most families have had no choice but to turn their backs and show them tough love. (Enabling can result in a family destroying addiction also). Sometimes the family of addicts in active addiction must give their love one over to God through prayer. (We must take our hands off and allow God to put his hands on).

These suffering addicts have nothing and some have only the clothes on their backs.

ENTRY FEE'S to recovery centers can be costly. Some require a onetime up-front fee and others a monthly tuition.

Most centers require three to five days of clothing

Some of these potential students need personal hygiene from soap to shaving cream , women's feminine products, and exedra.

We only ask that you give what God has laid on your heart and thank you for your blessing.

The Spirit of the Lord God is upon me; because the Lord hath anointed me to preach good tidings unto the **meek**; he hath sent me to bind up the **brokenhearted**, to proclaim liberty to the **captives**, and the opening of the prison to **them that are bound**; (Isaiah 61:1)

A spirit filled Christian must be a storm survivor. Whether it be a loss of a loved one, financial burden, poor health, depression, damaged relationships, addictions. Everyone has a testimony. God strengthens us through the storm. Our mess is the message. No matter how many broken pieces are left they can still be picked up, molded together by the Lords hands, and used to help others who are suffering the same storm God just brought you through. He is with us every step of the way. As the storm withers and the dark clouds roll away we are standing strong on God's word and his light shines through us to show the world we can do all things through Christ who strengthens us.

The Lord has a powerful testimony through us at Recovery Soldiers. We ask that you pray and if you feel led, allow us to visit your church and speak Gods word on addiction.
