We are so excited for the journey your loved one is about to take and we are honored to be the vessel God uses to change their life. Because of the structure and strict time schedule we don't have room for much talk time when it comes to questions and concerns. We ask that you please cease from calling or texting to "Check In" on the student due to high volume texts and calls. We advise you to take a step back and let the Lord work on your loved one and we will contact you as we are able on any concerns.
